## PRESS RELEASE

### *Cougars proving too tough*

The Kedron-Wavell Services Club Cougars showed their teeth both on and off the court taking the Holden Cruze Cup title at the Logan Metro Indoor Sports Centre on 30th July.

The Grand Final victory saw them take out the Carina Tigers 55 - 47 in an extremely tight match. This gives the Cougars back their bragging rights for the first time after a five-year dry spell. Cougars' captain, Kate Bullen, said both teams put their all on the line and they were lucky to come away victorious.

"With the miles that we ran this season we knew we couldn't go away without a win," she said.

"We could tell at the beginning, we knew it would be tough."

The first half of the game was extremely tight both teams going goal for goal but Cougars caught fire leading in last five minutes, taking the score to 26 - 22. It was still anyone's game with the Tigers nipping at the gap in the second half but the Cougars managed to increase it to 41 - 36 with only one quarter to go producing a dramatic turnaround of form and securing a win.

The Kedron-Wavell Services Club Cougars Tier Two team also had a win, taking their Grand Final over the Capricorn Claws by 29 goals. The Club is very proud to be involved supporting both Cougars teams, by way of a \$10,400 sponsorship.
